The Ministry of Health is very pleased to inform you about the effort of the Government of Liberia to restore essential health services throughout Liberia in closed collaboration with its private and Faith-Based partners.

In view of this effort all Catholic and other Faith-Based health facilities around the Country have been targeted for re-opening. The Benedict Menni Health Center on the Pipeline Road in Paynesville is among the list of these facilities.

The Ministry of Health will appreciate funding support you can provide to restore health services at this facility.

Sincerely yours,
